

*Mission + Compliance*

**Charleston Air Force Base Environmental Policy**

Through our commitment to environmental compliance and pollution prevention Charleston Air Force Base will:

- comply with all applicable laws, regulations and executive orders
- safeguard the community and our natural resources
- maintain a safe and healthful workplace

We will achieve our primary commitments through the implementation of an environmental management system, which provides an efficient management structure, and which reinforces effective environmental performance assessments, accountability and continual improvement.

  
SUSAN Y. DESJARDINS, Colonel, USAF  
Commander, 437th Airlift Wing
